McGhee Learning Center

Self-paced learning with our on-demand learning platform tailored to increase personal productivity.

An Interactive Learning Center for Creating Sustainable Productivity

Our McGhee Learning Center is a self-paced resource, with courses, lessons, discussion forums, and a robust resource library. It is an online learning platform providing on-demand content that accommodates different learning styles and schedules. Our Learning Center features the same high-quality course materials that our consultants deliver in-person or virtually, but in a user-friendly online interface that can be started and stopped at any time. Whether you are reinforcing learnings from an in-person class, or starting a new online learning journey, the MLC offers a wide variety of content types, resources and materials to fit your needs.

“I was so excited with the possibilities this class opened up to me that, that day, I couldn’t leave my computer until almost midnight designing my categories and seeing how my approach for managing my business and personal priorities has improved...”

- Barbara M, The MITRE Corporation

Create a Culture of Productivity

The McGhee Learning Center provides participants the knowledge of tools necessary to support self-improvement, productive collaboration and team leadership.

MPS has a firm belief that optimal productivity is achieved when there is an alignment within five key disciplines: Well-Being, Alignment, Accountability, Workflow Management, and Digital Fluency. Our Learning Center targets all five disciplines to help improve productivity.
