

Take Back Your Life! Grad Series Courses

Virtual in 60 minutes

Building Sustainability and Mastery

This series of courses builds on the Take Back Your Life! foundation and dives deeper into complementary productivity topics. These courses are interactive, with time for questions, hands-on exercises, and discussion.

The Refresher is focused entirely on the Take Back Your Life! best practices. All other courses expand into new topics, after a brief check-in at the start of the session to acknowledge successes and improvement opportunities after the initial course.
